

Quick Starter Guide for Students

A. Login Account and Update your Own Password

To login to your account, go to mceduhub.com and login using the User ID, School ID and default password provided.

To update your own password, click on the blue avatar at the top right-hand corner and click "Change Password".

The image shows the 'Change Password' form within the 'User Administration' section. The form has a title 'Change Password' and three input fields: 'Current Password', 'New Password', and 'Confirm Password'. Below the 'New Password' field, there is a note: 'Minimum 8 alphanumeric characters, containing at least 1 letter and 1 numeral and it must be different from the Login ID. Acceptable characters include a-z, 0-9 and symbols _ - . @'. At the bottom of the form, there is an orange 'Save' button.

Enter your Current Password and your New Password. Then enter your new password again in the Confirm Password field.

Click Save.

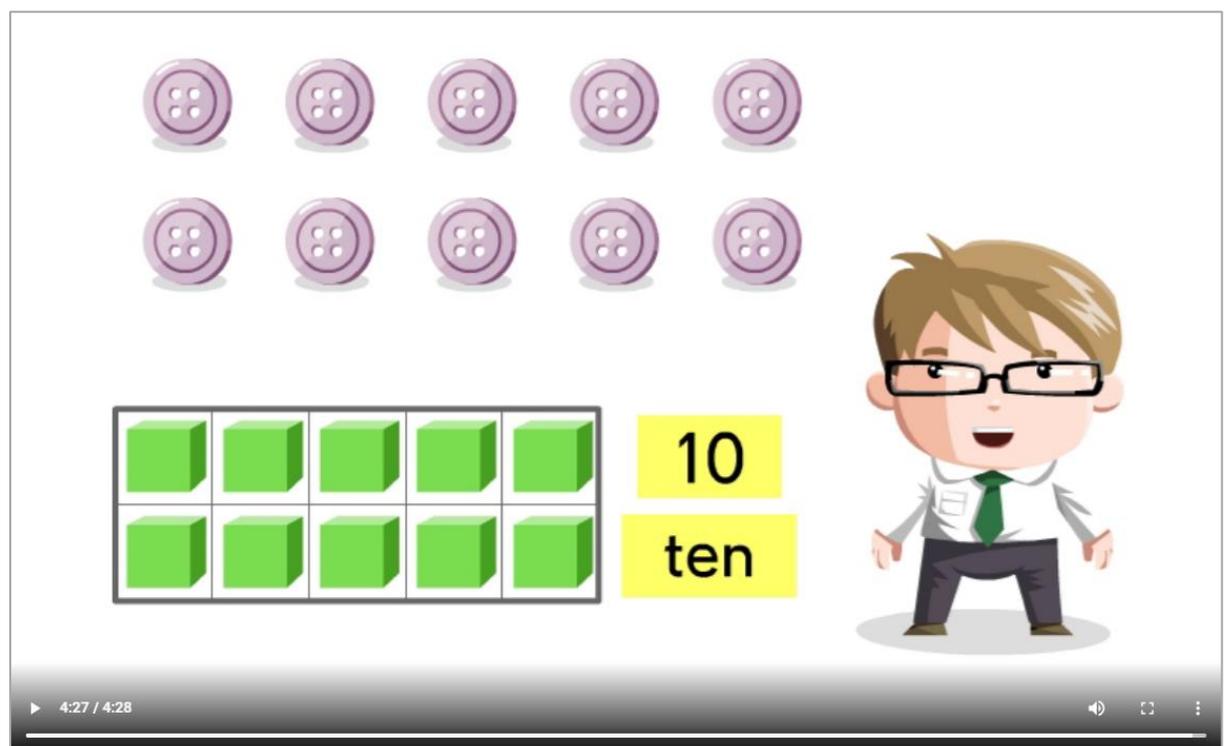

B. Access Available Content

To access the learning content, click on the available content package icons in My Library.

Students will have access only to content in their own respective grade level.

Then click on the required Topic, Subtopic and Lesson.

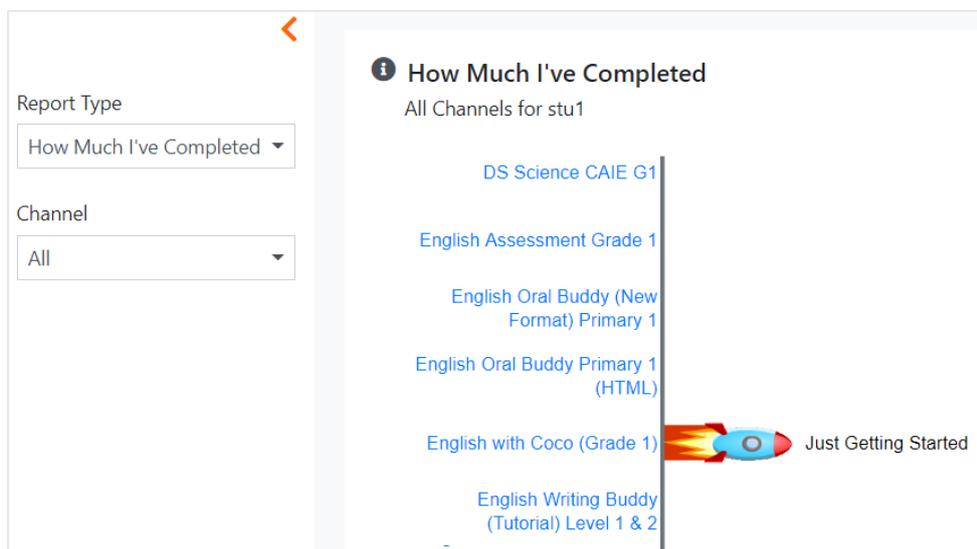

C. Track Usage & Mastery of My Library Content

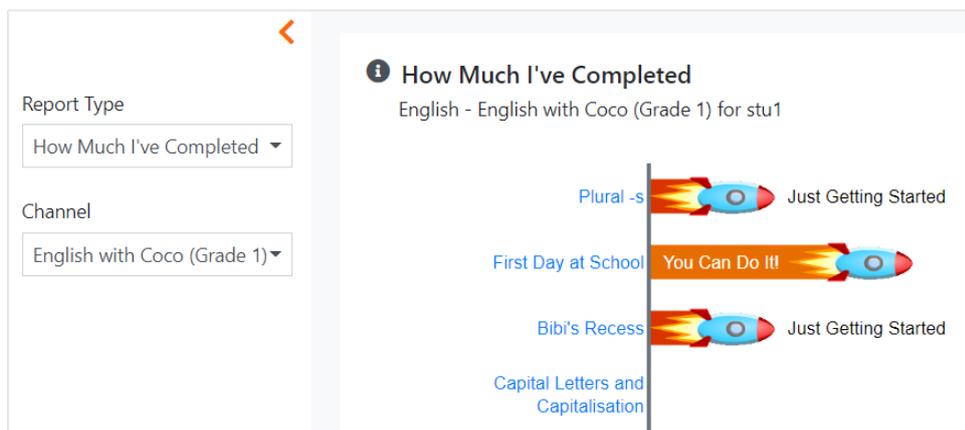

Click on My Reports on the top navigation menu and select Mastery Report or Usage Report, then select the required options in the left filter menu.

The Mastery or Usage Summary will then be shown.

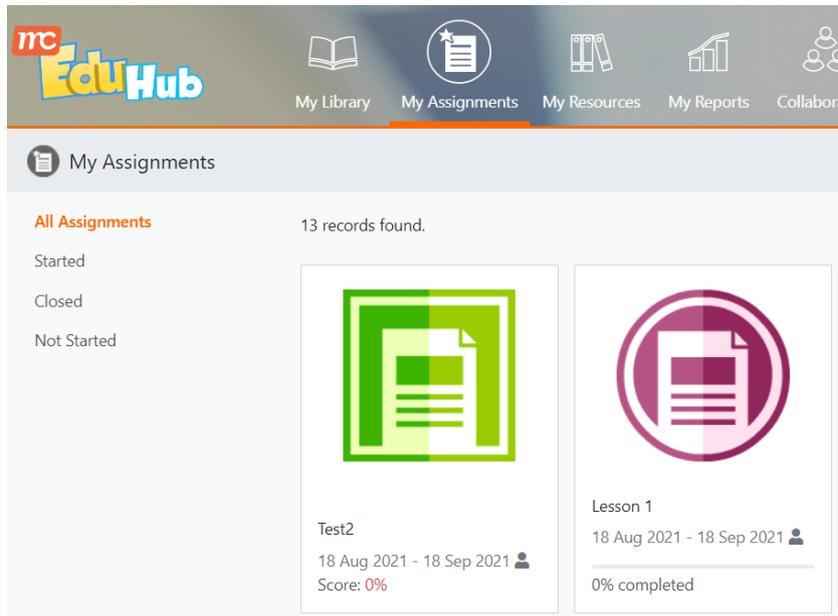

Click on the content package title to view more details.

D. Access & Track Assignments

Students may access teacher assignments via My Assignments.
